## **The Benefits of Exhibiting**

As an exhibitor, you will have the opportunity to meet one-on-one with many physicians in an informal environment, away from the time restraints and interruptions of a busy practice office. Exhibitors and contributors to this continuing medical education program receive recognition through special mailings to members. As an exhibiting company registering in advance, your firm or organization name will be acknowledged in:

- the 6,000 mailed advance registration brochures
- the final program distributed to all in attendance
- **The Georgia DO**, the association's newsletter, distributed to over 1,000 physicians and others in Georgia and other states.

**The members and staff of the Georgia Osteopathic Medical Association recognize and appreciate the valuable support exhibiting companies provide at our educational programs. We strive to make every effort to see that company representatives receive courteous attention and many excellent opportunities to meet one-on-one with physicians in both educational and social settings.**

### **What is Provided**

A six-foot table and two chairs within an approximate 10' X 10' space is included per space reserved. A larger exhibit area is available only by reserving a second space. The reservation fee includes beverage breaks and functions for up to two people per exhibit space per day. Electrical and other special needs must be reserved in advance. Lunch on Thursday.

### **To Reserve Your Exhibit Space**

You may reserve your exhibit space for one or more booths with one application form and early reservations are discounted. Due to limited exhibit space, it is expected that the available areas will fill quickly. Please reserve your location as soon as possible to assure your participation. Space will be assigned on a first-reserved, first-assigned basis.

### **To Become a Sponsor**

The Georgia Osteopathic Medical Association would like to invite your company to participate in our continuing medical education program, which provides required continuing medical education through didactic lectures, workshops, case studies, panels, and scientific exhibitions. On behalf of our convention planning committee we would like to invite you to sponsor a speaker or provide an unrestricted educational grant. Sponsors are given significant recognition in the convention brochure, final program, association newsletter, as well as on signs posted during the event. Please call the GOMA office at 678-225-7571 for details.
